RE: Additional Staff per VOCA Grant Funding

On January 26, 2016, the WI Department of Justice supplied Eau Claire County District Attorney's office with supplemental grant funds to allow the hiring of an additional Crisis Response Coordinator/Specialist for 29 hours per week. This additional grant funding has been secured to go along with our current VOCA grant that we have received since March of 1998. These grant funds will cover all expenses related to this additional position. The District Attorney's office will provide an in-kind match by providing office space. If these grant funds do not continue at any time in the future we will not come back to the county requesting funds to cover this position. The VOCA grant before these supplemental funds provided us with \$50,366.00 for operation per year, the additional funds will increase that to \$84,952.00 per year.
