Confirmed Meeting Notice

Public Input - Per Committee operating procedures, a period of public input was held.

Heather DeLuka, County Board Supervisor District 24, was present at the meeting to express concerns about the process last time. It was confusing, flyers weren't left at all properties, licensed day care VS certified day care should have been caught before getting the neighborhood all nervous. She expressed appreciation for staff answering her questions when she called the Dept. She's read the state statute 980 and requested next time process could notify neighbors sooner. Also with the client, the officers should have known of his history with North High School. Thank you for your time.
