RE: Essential Employees

In response to the COVID-19 pandemic the US Government adopted the Families First Coronavirus Response Act (FFCRA) and the Governor Tony Evers issued the Safer at Home order.

Among other things, the FFCRA provides benefits to employees impacted by COVID-19 including additional emergency sick time of up to 80 hours for full time employees, and expanded FMLA benefits. In order to receive the benefits, the employee must meet the appropriate qualification(s) in the act.

The FFCRA creates an exclusion from the benefit for a number of positions it designates as "emergency responders:" *an emergency responder is an employee who is necessary for the provision of transport, care, health care, comfort, and nutrition of such patients, or whose services are otherwise needed to limit the spread of COVID-19. This includes but is not limited to military or national guard, law enforcement officers, correctional institution personnel, fire fighters, emergency medical services personnel, physicians, nurses, public health personnel, emergency medical technicians, paramedics, emergency management personnel, 911 operators, public works personnel, and persons with skills or training in operating specialized equipment or other skills needed to provide aid in a declared emergency as well as individuals who work for such facilities employing these individuals and whose work is necessary to maintain the operation of the facility. This also includes any individual that the highest official of a state or territory, including the District of Columbia, determines is an emergency responder necessary for that state's or territory's or the District of Columbia's response to COVID-19.*

Governor Ever's Safer at Home order is an order that requires citizens of Wisconsin to stay at home, orders certain businesses to close, and prohibits mass gatherings of more than 10 people. Local governments are exempt from the order. The Safer at Home order creates a

category of "Special Situations" in Sections 8. Healthcare and Public Health Operations; 9. Human Service Operations, and 10. Essential Infrastructure. In Section 12 it defines "Essential Governmental Functions:" *Essential Governmental Function means all services provided by the State, tribal, or local governments needed to ensure the continuing operation of the government body and provide and support the health, safety, and welfare of the public.*

The FFCRA states that the highest official of a state (governor) determines who is an emergency responder necessary for that state's response to COVID-19. The Safer at Home order signed by Governor Evers states: *"Each government body shall determine its Essential Government Function, if any, and identify employees and contractors necessary to the performance of those functions."*

This resolution is response to the requirement that the government body identify employees that are necessary to perform the Essential Government function. By designating all employees as essential determine determining who for the purposes of these emergency legislation is designated as "Essential" and/or an "Emergency Provider" and will be exempt from coverage under the FFCRA.

2 DESIGNATING EMPLOYEES OF EAU CLAIRE COUNTY AS "ESSENTIAL" AND  
3 "EMERGENCY RESPONDERS" IN RESPONSE TO THE FEDERAL FAMILIES FIRST  
4 CORONAVIRUS RESPONSE ACT AND GOVERNOR EVER'S SAFER AT HOME ORDER

5 WHEREAS, the governments of the United States, the State of Wisconsin and Eau Claire  
6 County have all declared that a state of emergency exists with regards to the worldwide novel  
7 coronavirus COVID-19 pandemic; and,

8 WHEREAS, In response to the pandemic, the United States Congress and the President have  
9 adopted the Families First Coronavirus Response Act ("FFCRA"), that among other things creates  
10 up to 80 hours of sick time for full time employees, and creates expanded benefits under the Family  
11 Medical Leave Act (FMLA) for employees affected by COVID-19. The FFCRA became effective  
12 April 1, 2020 and expires on December 31, 2020; and,

13 WHEREAS, the FFCRA creates an exemption for the benefits for "emergency responders."  
14 The FFCRA provides a list of emergency responders within the act but also defines "emergency  
15 responder" as "any individual that the highest official of a state or territory determines is an  
16 emergency responder for that state's . . . response to COVID-19." The category of employees who  
17 could be included in the category of emergency responder are those who: (1) interact with and aid  
18 individuals with physical or mental health issues, including those who are suffering from COVID-  
19 19; (2) ensure the welfare and safety of our communities and of our Nation; (3) have specialized  
20 training relevant to emergency response; and (4) provide essential services relevant to the American  
21 people's health and wellbeing; and,

22 WHEREAS, Governor Tony Evers issued Emergency Order #12, also known as the "Safer  
23 at Home Order". The Safer at Home Order provides a list of functions that are Essential Functions  
24 and are exempt from the order to stay at home. In the Safer at Home Order Governor Evers defined  
25 all governmental functions as essential that are "needed to ensure the continuing operation of the  
26 governmental body and provide and support the health, safety and welfare of the public. Each  
27 governmental body shall determine its Essential Governmental Function, if any, and identify  
28 employees and contractors necessary to the performance of those functions;" and,

29 WHEREAS, other than those employment categories already defined in the FFCRA and the  
30 Safer at Home Order, it is up to the local governmental body to determine what positions are  
31 essential to provide and support the health safety and welfare of the public under the Safer at Home  
32 Order and as "emergency responders" for purposes of the FFCRA.

33 NOW THEREFORE BE IT RESOLVED; The Eau Claire County Board of Supervisors  
34 hereby determines that all employees of Eau Claire County are determined to be "Essential"  
35 Employees for the governmental functions of Eau Claire County as designated by the Safer at Home  
36 Order and as "Emergency Responders" for that portion of the FFCRA related to expanded FMLA  
37 benefits.

**TO FILE NO. 19-20/094**

**TO CREATE SECTION 10.30.040 DAMAGE TO COUNTY HIGHWAYS BY HORSES AND HORSE DRAWN VEHICLES; AND, TO AMEND SECTION 1.50.020 A.**

**SUBJECT**

This ordinance addresses two items related to horses and horse drawn vehicles on county roads. The first item addressed is damage caused to county roads by horses and horse drawn vehicles. The second item addressed is horse manure on the roadway, including the shoulder, of county roads.

**REQUEST**

To help prevent damage to county highways by horses and horse drawn vehicles that use cleated horseshoes, only flat soles horseshoes are permitted on county highways during the months of May through Octobers each year. Also, all horse drawn vehicles operated on county highways shall be equipped with manure catching devices.

**PURPOSE / JUSTIFICATION**

Eau Claire County invests millions of dollars into our roadway infrastructure annually. These investments are designed to have a service life of 25 years. The damage caused to the roadway by horseshoes reduces the pavements surface performance by removing the fine aggregate surface that protects the asphalt composition from aging. This increases the rate of which the pavement deteriorates by 5 years on average.

ORDINANCE 19-20/094

FACT SHEET

TO FILE NO. 19-20/103

This ordinance authorizes county employees to reject payments where the payor is attempting to make a payment of more than one dollar by coin, or is making payment with currency or coins that have been soiled with bodily fluids or other substances that are hazardous to employees' health. The county collects money for several different reasons, taxes, fines, child support, fees, etc. There have been times when individuals will pay their taxes, fines or fees with coins, or tried to pay with money that was soiled or contaminated. These payments often are in the hundreds or thousands of dollars. This ordinance gives employees the discretion to accept or reject payment in this form. They are not required to accept the coins or the currency when it will take excessively long period of time to count, or that it presents a potential hazard to their well-being.

Eau Claire County currently collects a cremation fee of \$156.37 per case pursuant to code section 2.12.140 for all cremations incurred with the county. The only exception to the fee is for a case involving an indigent individual. The fee is required to be assessed and collected for any newborn infant case where the newborn has taken at least one breath prior to passing, in which case the newborn was considered to not be stillborn and the child is subsequently cremated. Per the Medical Examiner, Eau Claire County experiences between two and four cases of this nature per year.

Most local funeral homes have chosen to not bill or collect any funeral service fees in these circumstances where a newborn infant passes away shortly after taking a few breaths of life and a cremation service is rendered. In these situations, the only fee assessed to the family is the County cremation fee. This resolution would modify section 2.12.140 to provide an exception to assessing the cremation fee in cases where the funeral home has waived their service fees.

Fiscal Impact: The estimated cost of this change would be \$313-\$626 annually.
