Chippewa Valley Regional Airport

Dear Charity,

As you are well aware, our business thrives off of our valued rental locations at airports like yours across North America and the globe. We know that you, more than any of our partners, understand the difficulties in navigating the unprecedented environment created by the COVID-19 pandemic. For our part, even while addressing current challenges, we're planning our path forward and want to provide you with an update on our continued efforts.

For Hertz, as with other travel sector businesses, the impact of the pandemic has been dramatic. We've taken swift, proactive action to reduce costs, defer capital expenditures, and preserve liquidity. In addition, we've engaged with many of our largest creditors and have sought assistance from U.S. and European governments. However, in the face of the continued, unrelenting effects of the pandemic, and without sufficient relief from our lenders, it became necessary for Hertz and certain of our subsidiaries to file for reorganization under Chapter 11 in the U.S. Bankruptcy Court for the District of Delaware.

Importantly, the filing will not interrupt our rental operations, including at valued airport locations around the world, and we will remain open and serving customers under the Hertz, Dollar, Thrifty, and Firefly names.

The financial reorganization will provide Hertz a path toward a more robust financial structure that best positions the Company for the future as we navigate what could be a prolonged travel and overall global economic recovery.

It's important for you to know:

- As of the date of filing May 22, 2020, the Company had more than \$1 billion in cash on hand to support its ongoing operations. Depending upon the length of the COVID-19 induced crisis and its impact on revenue, the Company may seek access to additional cash, including through new borrowings, as the reorganization progresses.
- Under U.S. bankruptcy law, Hertz is generally prohibited from paying claims that arose prior to the filing, including claims on account of accrued rent, minimum annual guarantees, and other fees and charges. However, because our relationships with airports are so crucial to our overall business, we have sought special court authority to pay certain fees and charges owed to airport authorities that arose prior to filing, including to remit concession fees and customer facilities charges collected from customers prior to filing.
- Payment for other prepetition claims must generally be resolved through the Chapter 11 process. Information about the claims process can be accessed through our claims agent at https://restructuring.primeclerk.com/hertz, or by calling (877) 428-4661 (toll-free in the

- U.S.) or (929) 955-3421 (for parties outside the U.S.) or emailing hertzinfo@primeclerk.com.
- We intend to continue to pay airport authorities amounts that we collect from customers after filing on account of concessions fees and customer facility charges as required under our concession agreements.
- We look forward to continuing to engage in discussions regarding our current concession agreement and are hopeful that we can reach an arrangement that will allow us to assume such agreement as permitted by the Bankruptcy Code and operate a profitable rental location at your airport to the benefit of both parties well into the future.
- Under U.S. bankruptcy law, the "automatic stay" prevents contract and lease counterparties from taking action to terminate outstanding agreements or refusing to perform thereunder. Bankruptcy law also prohibits "government units," such as airport authorities, from discriminating against us in the concession renewal process based on our bankruptcy filing or our failure to make a payment on account of a prepetition claim. Although we are confident that you will work cooperatively with us through the reorganization process to reach the best outcome for both parties, we intend to take advantage of these protections to the fullest extent necessary to protect our rights.

We thank you for your continued support. We expect to emerge from this process as a stronger company, better positioned for the future – which, in turn, will make us an even stronger partner to you.

Best regards.

CVRA Strategic Plan - June 2020 Operational Review

Airport Fire Station

- The airport fire station was built in the 1980's. The furnace was replaced in 2015.
- The roof is in need of complete replacement. Replacement of the roof keeps getting delayed as we wait to hear on FAA funding opportunities.
- The truck bay is barely large enough to fit our current fire truck. The door opening is about 6" wider than the truck and the bay is about 2' deeper than the truck.
- Lighting in the truck bay is currently 8' T12 fixtures that are obsolete and need upgrade.
- The second (backup) ARFF truck is currently stored in the maintenance shop.
- Personal protective equipment for firefighters was replaced under an FAA grant in 2018.
- A 100% FAA funded supplemental grant was received in 2020 for reconstruction of the firestation. A contract is being negotiated for design.

Jim Armstrong Maintenance Facility

- The facility was built in two separate projects and named after long time airport maintenance supervisor, Jim Armstrong, in 2011.
- The roof on the older section of the building was spray coated in 2013 to enhance the life and provide additional thermal protection.
- Lighting inside the facility was recently upgraded to LED, replacing the 8' T12 Lights previously installed in the building.
- A pipe froze in the back restroom area in 2013-14. If that area is to be used again the flooring needs to be addressed.
- There is currently no emergency power available for this building. If there is a power outage, we are unable to access the equipment inside the building. Bids for a new generator are being worked on with the WI BOA who will pay for 80% of the cost of a new generator.
- The new multi-function snow removal equipment the airport received bids on is expected in 2021. Design has started for a one bay addition to the maintenance facility planned for construction in 2020 with State Aid. Adjustments to an additional existing bay will also be considered to accommodate used SRE recently acquired by the airport.

Passenger Facility Charge

- The airport charges a \$4.50 passenger facility charge for every airline passenger departing the airport. The airlines collect for the airport and keep \$.11 per passenger for administration.
- Due to the low number of enplaned passengers, the airport collects on projects previously completed versus collecting for future projects.
- PFC Application 3 was approved by the FAA for collection starting May 1, 2015 through June 1, 2024 in the amount of \$771,310. There is currently \$310,743.57 remaining to collect.
- An annual audit of PFC collections is required by the FAA and conducted in conjunction with the annual Eau Claire County audit.

RE: Chippewa Valley Regional Airport Hangar Addition

Charity Zich, Airport Director 3800 Starr Ave. Eau Claire, WI 54703

Dear Ms. Zich

Proposals were received on June 4, 2002 for the Chippewa Valley Regional Airport Hangar Addition Project. Bids were submitted by Eight (8) contractors (see the attached bid tabulation sheet). The BID proposals ranged in price from \$554,951.00 to \$778,000. The low proposal was submitted by Olympic Builders out of Holmen, WI. CBS Squared, Inc. has checked a few references on Public Works projects completed by Olympic builders and recommends that the Chippewa Valley Regional Airport award Olympic Builders the Hangar Addition project in the low bid amount of \$554,951. Should you have any questions, please contact Bob Sworski at 715-450-6543 or email at bsworski@cbssquaredinc.com

Sincerely,

Bob Sworski, AIA/NCARB, Architect

To: Chippewa Valley Regional Airport Commission

From: Charity Zich, Airport Director

Date: June 15, 2020

RE: State Trust Fund Loan Payoff

The FAA Cares Act Grant for Operations and Maintenance that was offered to the Airport allows for reimbursement of early retirement of debt service. Eau Claire County currently has two State Trust Fund Loans on behalf of the Airport.

The first loan is for the FBO Hangar and is scheduled to be paid off in March 2023 and the second loan is for the K 1-5 Hangars and is scheduled to be paid off in March 2022. If paid off by August 3, 2020, the estimated payoff amount for the FBO Hangar loan is \$148,225 and the estimated payoff amount for the K-row hangar loan is \$132,200. State Trust Fund loans can only be paid off from January 1-August 30 each year and 30 days notice must be provided prior to payoff. If the loans are retired this year, the estimated savings on interest is about \$18,000.

While we have not officially received a grant agreement for the CARES Act grant, I've been told by the FAA that any debt service paid off after March 27, 2020 is eligible for reimbursement no matter when the grant agreement is actually received. Based on this understanding from the FAA, it is my recommendation that we proceed with early payoff of the State Trust Fund loans for the K-row and FBO hangars and seek reimbursement under the CARES Act grant when available.

2019 Year End Financial Report Estimated June 10, 2020

*This is a cash basis financial statement, and it does not take into account accrual related year-end adjustments that would be presented in the county's annual audited financial statements. Accrual adjustments would include employee benefit items, principal payments on loans, and fixed asset capitalization and depreciation.
