AGING & DISABILITY RESOURCE CENTER

DEPARTMENT MISSION

To assist people age 60+ and adults with disabilities secure needed services or benefits, live with dignity and security, and achieve maximum independence and quality of life.

DEPARTMENT BUDGET HIGHLIGHTS

- This budget reflects the growing population that we serve by using an acceptable-cost effective approach to strengthen our services, despite flat and/or decreasing grant sources.

STRATEGIC DIRECTION AND PRIORITY ISSUES

- More individuals are homebound due to the pandemic. One focus is to provide additional supports to participants and caregiver through virtual means, calling tree, wellness checks, nutritional support via Meals on Wheels, IT Equipment-training, support groups, etc.
- Develop staffing plan that supports continued programmatic growth despite flat and/or decreasing grant sources.
- Utilization of technology to meet the changing needs of the ADRC staff and target populations.
- There is a continued need for outreach and education to ensure efficiencies with referrals and programming. Early education and information lead to better outcomes with fewer decisions being made during "crisis".
- The ADRC will maximize collaboration with outside agencies as well as with volunteers to provide services to maximize budget including meals on wheels kitchen, drivers, prevention, and caregiver programs.

TRENDS AND ISSUES ON THE HORIZON

- The percentage of Eau Claire County residents age 60+ was expected to grow by 26% from 2010 to 2020. From 2020 to 2040 the state is projecting an additional 18% increase.
- POPULATION BOOM INCREASES THE NEED FOR CAREGIVER SUPPORT. CAREGIVER SUPPORT AND FUNDING CONTINUES TO BE A CHALLENGING SERVICE DEMAND. THE ADRC WORKS WITH LOCAL AGENCIES AND THE STATE ON ISSUES RELATED TO CAREGIVING, INCLUDING WITH THE CAREGIVER WORKFORCE CRISIS. WE WILL CONTINUE TO PROVIDE INFORMATION TO CAREGIVERS WE SERVE AND HELP CONNECT THEM TO RESOURCES INCLUDING ADDITIONAL FINANCIAL RESOURCES.

- As the population ages, the need for options counseling, information and resource assistance, prevention workshops, dementia care and benefit counseling, including Medicare, will continue to grow.
- Service demand for the Meals on Wheels program has steadily increased and during the pandemic it has been heightened even more. The base funding has remained stagnant. We continue to monitor growth while brainstorming solutions through partnerships with internal and external agencies.

OPERATIONAL CHANGES IN 2021 – N/A

- N/A

OPERATIONAL CHANGES IN 2022 – WITH FISCAL IMPACT

- See position changes in 2022 below.

POSITION CHANGES IN 2022

- Increase of 0.02 FTE
 - Cook (0.02 FTE) is being increased with an added cost of \$813 (no levy impact).
- Decrease of 0.775 FTE
 - Administrative Associate IV (0.50 FTE) is being eliminated with a savings of \$22,875 (Levy \$13,496).
 - Options Counselor (0.275 FTE) is being eliminated with a savings of \$18,428. (Levy \$10,873)

OPERATIONAL CHANGES – WITHOUT FISCAL IMPACT

- MOW Kitchen will potentially be moving to the new Highway Facility by the end of 2022.

POTENTIAL RISKS

- Based on 100%-time reporting Medical Assistance Match dollars can fluctuate and since the inception of COVID-19 our rate has dropped 5%.
- ADRC's across the state receive different levels of funding based on when they became an ADRC, which established foundational funding inequities. There was advocacy to increase the ADRC's funding for the 2021-2023 State budget to address these disparities, however, there does not appear to be enough support by the legislature and the future funding of the ADRC's is unknown.
- Meals on Wheels-Senior Dining participant donations have an associated risk due to their voluntary nature.

ADRC

The ADRC offers information and assistance and access to a wide variety of services for people age 60 and older; adults with disabilities and their caregiver; regardless of income. The ADRC provides information on a broad range of programs and services, helps people understand the various long-term care options available to them, helps people apply for programs and benefits, serves as the access point for publicly funded long-term care, provides support for people living with dementia and their care partners and offers evidence based health promotion and prevention classes.
