This parcel was the only parcel we did not receive a bid on for the Fall sale. The County Clerk is requesting that the Finance and Budget committee significantly reduce the minimum bid price for this parcel for the next sale. I believe the appraiser was being far too optimistic with the \$12,000 value placed on the piece. He felt the land might have some value but the lot is not large, and on a busy highway corner that would have significant setbacks should anyone want to build anything new on it. The structure is completely falling down. The ceiling is collapsed on the second floor and the first floor has collapsed into the basement which is full of water. The building is full of junk as well. There is nothing salvageable that would have value. Right now the parcel is just a liability for us should someone attempt to enter the structure in the condition it is in.
