

COUNTY CLERK

2022 QUARTER 4 - SUMMARY OF CURRENT ACTIVITIES

October 1, 2022 – December 31, 2022

Election-Related: The November election went as well as we could have hoped. There was approximately a 56% turnout of eligible voters. There were no major issues at the polling places or on our end in regards to supplying election-related items or doing our post-election data entry and reporting. Because there were so many people that registered online ahead of time during the year it eliminated the big stacks of voter registrations we used to have to enter after a fall election. We performed our bi-annual post-election equipment audit that showed the equipment was returning 100% accurate results. There were no large open records requests submitted to us that we had to fulfill. Our results were very much in line with historical results.

Marriage Licenses: We issued 612 licenses for the year which is back on track with pre-Covid numbers. Our budget each year is 600.

Tax Deed: We wrapped up the sale of our final tax deed property. Tax deed work will be handed over to the Treasurer to transition to the In-Rem process going forward.

Budget: Our 2022 budget ended up with a small surplus. With the final sale of the tax deed property we ended up with a decent positive balance.

GOALS FOR NEXT QUARTER

- Complete all work for the spring primary and spring election without incident.
- Have a plan in place for office relocation some time in late spring or early summer
