SUBJECT: Project update for CTH CC / West Folsom Street Improvements

Dear Property Owner,

This letter is to notify you of a schedule change for the construction of CTH CC / West Folsom Street from 33rd Street west to CTH TT / Kane Road. There has been a couple of items that are keeping us from bidding out this project for construction this year. The first one is a flood plain analysis for the Sherman Creek watershed. We're still working through the approval and submittal process. Another item that prevents us from starting the project is completing all the real estate easements. We don't have that taken care of yet and continue to work with property owners along the project limits. Until we have those items completed, we're not able to proceed with construction. Based on the time of the year, we're now planning on completing construction in 2024. Because of this change we'll continue to provide maintenance to the roadway surface in order to keep the roadway passable to the traveling public.

Thank you for your understanding and patience as we complete this project. Feel free to contact me if you have any questions by either calling 715.839.2952 or emailing Jon.Johnson@eauclairecounty.gov.

Sincerely,

Jon Johnson

Jon Johnson
Highway Commissioner
