We have implemented a targeted digital campaign with creative messaging and branding focused on EAU's daily service with Sun Country to MSP / the connectivity beyond, and seasonal service to MCO.

Audience Target:

We target a custom travel audience that consists of business travel, domestic travel, international travel, vacation travel, hotel bookings, travel enthusiasts, travel insurance, travel accessories, travel content, and interest in airline travel within EAU's core catchment. We contextually target users while they're on travel sites. (This is the placement of a display advertisement on websites that are directly relevant to travel intenders). The content within the ad is, therefore, directly related to the content on the site/page.
